#### Why ESPRM 2026 is Unmissable?

The 2026 edition is laser-focused on AI-driven advancements, emerging digital technologies, and empowering the next generation of leaders in PRM.

##### AI Meets Rehab:

From predictive analytics to neuroadaptive interfaces, explore how artificial intelligence is redefining clinical pathways and patient outcomes.

##### Young Innovators Take the Lead:

ESPRM 2026 is committed to spotlighting early-career researchers, next-gen clinicians, and tech disruptors shaping tomorrow’s rehabilitation solutions.

##### Interdisciplinary Collaboration:

Join a diverse network of thought leaders, researchers, and practitioners from across Europe and beyond to collaborate, inspire, and innovate together.

#### DID YOU KNOW?

A study published in **Healthcare (2025)** assessed the perceptions of rehabilitation professionals regarding AI implementation. The study highlighted a general willingness among professionals to adopt AI technologies, though it also noted challenges such as a lack of understanding and resistance to change.

Dear Colleagues and Friends,

It is with great pleasure and honor that I warmly invite you to the **25th European Congress of Physical and Rehabilitation Medicine**, taking place in the historic city of **Kraków, Poland, from March 23rd to 27th, 2026**.

As we are preparing our congress in this beautiful cultural center of Europe, we stand at a pivotal moment for our field.

The demographic landscape across Europe continues to evolve dramatically, with aging populations, increasing prevalence of chronic conditions, and changing patterns of disability presenting both challenges and opportunities for Physical and Rehabilitation Medicine.
